Donor Report

2021-2022

A Message from
Becky Dorner, RDN, LD, FAND
2021-2022 Foundation Chair

Dear Foundation
Donors, Recipients,
Volunteers
and Friends,

As the 2021-2022 Chair of the Academy of Nutrition and Dietetics Foundation, I'm proud to present our 2022 Donor Report. Our Donor Report recognizes and celebrates your generosity and the great work of our Foundation. While you make your way through this report, you will see all the ways our Foundation was able to make an impact on our fellow Academy members and the profession. It is also our opportunity to recognize donors who came together to support our efforts and give back.

Over the course of my tenure as Chair, our Foundation worked with donors to develop funds to sustain and grow our strategic priorities in the areas of [inclusivity, diversity, equity, and accessibility](#). For the first time, we awarded two [Advancing Diversity in Dietetics Scholarships](#) to Academy student members of diverse backgrounds or cultures in 2022, who received \$25,000 each for the 2021-2022 academic year, representing the largest financial scholarships ever awarded by the Foundation.

Our Foundation continues to be the catalyst for our profession to come together to address the greatest food and nutrition challenges now and in the future. Several other Academy members and organizations partnered with our Foundation this year to establish [Funds](#) as well. These Funds help them leave their legacy in cherished areas of interest and will have an impact on generations of food and nutrition practitioners to come. During my tenure on the board, I developed a great appreciation for the impact our Foundation has on thousands of Academy members and students each year and I established the [Dorner Family Inclusion, Diversity, Equity, and Access Scholarship Fund](#). My goal was to create a scholarship that will highlight a diverse group of people and is the first Foundation scholarship whose criteria provides a preference for diversity in sexual orientation, reflecting on the diversity of our members and future members, while honoring the unique diversity of my loving family.

Lastly, in an effort to meet the growing demand for scholarships, we kicked off the Make It a Million Scholarship Campaign in 2022 with a goal of raising \$1 million dollars over the next 3 years. This will allow our Foundation to provide \$1 million in scholarships each year starting in 2025 and every year thereafter. This campaign and your support will have a lasting impact on our profession and generations of food and nutrition professionals to follow.

On behalf of the thousands of students, food and nutrition professionals and families who benefit from the Academy Foundation's initiatives, thank you for your generosity and helping make our 2021-2022 year a huge success. We can all be proud of OUR Academy Foundation!

With warm
regards and a
grateful heart,

Becky Dorner, RDN, LD, FAND

Chair, 2021-2022
Academy of Nutrition and
Dietetics Foundation

Scholarships

Our Foundation invests in the current and future generation of food and nutrition practitioners as the world's largest provider of dietetic scholarships at all levels of study. This past year, our Foundation awarded a record \$812,950 in scholarship support to 330 dietetic interns and students for the 2021-2022 academic year. Just as significant, \$439,450 of those dollars were awarded to 137 students of diverse backgrounds and cultures, representing 54.1% of total funding awarded.

I am incredibly grateful to have received this scholarship from the Foundation. Not only will this scholarship

enable me to pursue my dietetic internship by offering financial support, but it will also motivate me as a student of color to ensure that I put my best effort in every step of the way of becoming an RD.

Charlyze Del Rosario

2021 Foundation Diversity Scholarship Recipient

I am thrilled to have been selected for this scholarship and I'm feeling so blessed! This Foundation scholarship

has brought so much light into my life and will always cherish and appreciate your generosity!

Coley Garrison

2021 Foundation NOBIDAN Scholarship Recipient

Awards and Research

Foundation Award and Research grants recognize great work and funds leading research that advances the dietetic profession. Academy Foundation research grants elevate the registered dietitian nutritionist's profile to the public by continuing to position the Academy and its members as the nutrition experts. Our Foundation provides dietetics awards to Academy members that encourage them to grow as professionals and achieve excellence in new and developing areas of food and nutrition.

Thank you for your generosity in establishing this award to help individuals like me, holding faculty

positions, enhance their skills to serve their students better. Being selected as a recipient of this award for 2021, I feel humbled, honored, and pleased.

Prabhdeep Sandha

2021 CDR Faculty Fellowship Award Recipient

Fellowships

Our Foundation collaborates with the Academy of Nutrition and Dietetics' Research, International, and Scientific Affairs (RISA) team and other stakeholders and partners to create and offer fellowship opportunities for current and future credentialed food and nutrition practitioners at all career levels that advance each fellow's skills, knowledge, and visibility, hone the fellow's expertise, and advance the Foundation's and Academy's strategic plans.

LAUREN AU, PhD, RDN
Assistant Researcher
Nutrition Policy Institute
University of California, Agriculture and
Natural Resources

Watch how Foundation Fellows are making an impact across the globe through your support.

Public Education Programs: Kids Eat Right and Future of Food

Our Public Education Programs bring the expertise of RDN's and Academy members into schools and throughout communities, creating awareness and delivering education and resources today that will create a better future for all.

Our Kids Eat Right program is committed to promoting a healthy today and tomorrow for our children while our Future of Food program works to raise awareness of food insecurity and promote access to healthy food and quality nutrition education in food banks. Each August, the Academy and our Foundation celebrate Kids Eat Right month with to highlight the role everyone, from registered dietitian nutritionists to parents and educators, plays in ensuring a healthy future for our nation's children. Kids Eat Right Month focuses on the importance of healthful eating and active lifestyles for children and families, featuring expert advice from registered dietitian nutritionists.

Make It a Million Scholarship Campaign

Raising \$1 Million to Give \$1 Million!
#Makelt1Million

Our Academy Foundation was established in 1966 with a donation to provide a scholarship for a deserving student. Now, more than 50 years later, Academy members have helped us become the world's largest provider of dietetic scholarships at all levels of study. While surveys show Academy members recognize and take pride in our scholarship program, the demand in terms of annual scholarship applications still out numbers the amount of scholarships we are able to award almost three to one.

In 2022, to keep pace with this growing demand, the Academy Foundation launched its [Make It a Million Scholarship Campaign](#), asking all Academy leaders, members, students and affiliated organizations to come together and support this effort that will raise \$1 million in reserves during the next three years to build Foundation resources to allow us to award \$1 million in scholarships annually. Together, we can come together to build the next generation of food and nutrition practitioners.

Disaster Relief Efforts

The Academy Foundation Disaster Relief Fund was established to support the personal and professional life-rebuilding efforts of Academy members and other nutrition and dietetics professionals and students who have been affected by disasters. Over the last few years, \$122,425 has been provided to help 87 nutrition and dietetics practitioners and students during their time of need.

The Foundation's Mission

Through philanthropy, empower current and future food and nutrition practitioners to optimize global health.

The Foundation's Vision

A world where all people thrive through the transformative power of food and nutrition.
