# Donor Report

2022-2023

A Message from  
**Hope Warshaw,**  
 MMSc, RD, CDCES, BC-ADM, FADCES  
**Academy of Nutrition and Dietetics Foundation Chair, 2022-2023**

Dear Foundation  
 Donors, Recipients,  
 Volunteers &  
 Friends,

As the 2022-2023 Chair of our Academy of Nutrition and Dietetics Foundation, I'm proud to present our 2023 Donor Report. Our Donor Report recognizes and celebrates your

generosity and the exceptional work of our Foundation. As you review this report, you'll observe all the ways our Foundation made an impact on our fellow Academy members and the profession. Publication of this report also offers an opportunity to recognize the many Foundation donors who came together to support our efforts and give back.

During 2022-2023, our Foundation had a banner year. Here are a few highlights:

- **Make It a Million Scholarship Campaign:** In 2022, our Foundation launched our Make It a Million Scholarship Campaign, effort with the goal to raise \$1M in new dollars that will allow us to award \$1M in scholarships annually starting in 2025. There is no better investment in the future of our profession than scholarships that provide opportunities to students from all walks of life to achieve their professional dreams. If you haven't donated to this Campaign, please do so.
- **Approved addition of "Distanced Traveled" to Scholarship Applications:** This year the Foundation board added the concept of "Distanced Traveled" to the scholarship

application. This concept serves to address aspects not already addressed within the other Foundation scholarship scoring categories. The Foundation's Distance Traveled scholarship scoring is intended to reflect how an applicant's background and life experiences have shaped and challenged them to grow as an individual in order to pursue an education in nutrition and dietetics.

Distance Traveled points are awarded for:

1. Life experiences that well-position the applicant to relate to and work with underserved or marginalized populations.
2. The significance of any life experiences, challenges, or other barriers that have impacted the applicant's ability to pursue an education.

Of all our accomplishments this year, I believe this will have a lasting impact on building the next generation of leaders in our profession.

- **Awarded record amount of scholarship funding:** For the 2022-2023 academic year, the Foundation proudly awarded over \$860,000 in scholarships to support the educational advancement of more than 300 students and dietetic interns.
- **Introduced our Dollar by Dollar, Scholar by Scholar profiles:** These profiles highlight current Foundation scholarship recipients and encourages Academy members to donate to help us meet more of the demand for scholarships in the future by contributing to our Make It a Million Scholarship Campaign.

On behalf of the thousands of students, food and nutrition professionals and families who benefit from our Academy Foundation's initiatives, thank you for your generosity and help to make our 2022-2023 year a huge success. We can all be proud of OUR Academy Foundation!

Thanks to our board members, advocates and volunteers who contribute their time, expertise and dollars to our Foundation. Your drive progress in advancing the mission and vision of our Foundation. Our work is made possible through your generosity and passion for our profession.

Lastly, thank you for the honor and privilege to serve as our Foundation chair last year!

Sincerely,  
**Hope Warshaw,**  
 MMSc, RD, CDCES, BC-ADM, FADCES  
 Academy of Nutrition and Dietetics  
 Foundation Chair, 2022-2023

## The Foundation's Mission

Through philanthropy, empower current and future food and nutrition practitioners to optimize global health.

## The Foundation's Vision

A world where all people thrive through the transformative power of food and nutrition.

## Scholarships

Our Foundation invests in the current and future generation of food and nutrition practitioners as the world's largest provider of dietetic scholarships at all levels of study. This past year, our Foundation awarded a \$806,800 in scholarships support to 294 dietetic interns and students for the 2023-2024 academic year. A full list of scholarship recipients can be found [here](#).

While we are proud of the number of scholarships we were able to award, there is a need to do more. Now, more than ever, students are facing a growing number of challenges completing their education, including a significant increase in the cost of tuition. The number of scholarship applications our Academy Foundation now receives outweighs the scholarships we can award by three to one. In 2023, more than 700 deserving students who applied for a scholarship were unable to receive one based on available funds.

To keep pace with this growing demand, the Academy Foundation launched its **Make It a Million Scholarship Campaign**, asking all Academy leaders, members, students and affiliated organizations to come together and support this effort that will raise \$1 million in reserves during the next three years to build Foundation resources to allow us to award \$1 million in scholarships annually. Together, we can come together to build the next generation of food and nutrition practitioners. Our Foundation thanks everyone who has contributed to this effort, and If you haven't already contributed to this groundbreaking Campaign, please do so today – [donate here](#).

## Awards & Research

Foundation Award and Research grants recognizes great work and funds leading research that advances the dietetic profession. Academy Foundation research grants elevate the registered dietitian nutritionist's profile to the public by continuing to position the Academy and its members as the nutrition experts. Our Foundation provides dietetics awards to Academy members that encourage them to grow as professionals and achieve excellence in new and developing areas of food and nutrition.

## Fellowships

Our Foundation collaborates with the Academy of Nutrition and Dietetics' Research, International, and Scientific Affairs (RISA) team and other stakeholders and partners to create and offer fellowship opportunities for current and future credentialed food and nutrition practitioners at all career levels that advance each fellow's skills, knowledge, and visibility, hone the fellow's expertise, and advance the Foundation's and Academy's strategic plans.

*\$5.3 million has been invested in our [Fellowship Program](#) through the support of our donors!*

## Disaster Relief Efforts

The Academy Foundation Disaster Relief Fund was established to support the personal and professional life-rebuilding efforts of Academy members and other nutrition and dietetics professionals and students who have been affected by disasters. Over the last few years, \$122,425 has been provided to help 87 nutrition and dietetics practitioners and students during their time of need.

## Public Education Programs: Kids Eat Right & Future of Food

Our [Public Education Programs](#) bring the expertise of RDNs and Academy members into schools and throughout communities, creating awareness and delivering education and resources today that will create a better future for all.

Our [Kids Eat Right](#) program is committed to promoting a healthy today and tomorrow for our children while our Future of Food program works to raise awareness of food insecurity and promote access to healthy food and quality nutrition education in food banks. Each August, the Academy and our Foundation celebrate Kids Eat Right month with to highlight the role everyone, from registered dietitian nutritionists to parents and educators, plays in ensuring a healthy future for our nation's children. Kids Eat Right Month focuses on the importance of healthful eating and active lifestyles for children and families, featuring expert advice from registered dietitian nutritionists.
